

**Bhitai**  
Dental & Medical College

**PROSPECTUS 2022-23**

## PREFACE

This is a prospectus of Bhitai Dental & Medical College to introduce Students about rules and regulations they will follow at Bhitai Dental and Medical College.

Bhitai Dental & Medical College offer 4-year study course for students of dentistry under the affiliation of Liaquat University of Medical and Health Sciences (LUMHS). Successfully completion of course will award B.D.S degree from LUMHS.

Students of Bhitai Dental & Medical College (BDMC) are bound to follow rules and regulations of Bhitai Dental & Medical College (either mentioned in prospectus or changed due to any reason during study period / course completion) period at Bhitai Dental & Medical College.

## FROM THE DESK OF EDITOR

This prospectus is designed to provide all necessary information to students who want to prosper in the field of dentistry under the flag of Bhitai Dental and Medical College (BDMC), Mirpurkhas, Sindh, Pakistan.

This prospectus contains details of all subjects taught at Bhitai Dental and Medical College (offered by LUMHS) in the field of dentistry.

This prospectus also contains information about rules of admission, criteria of student selection, number of seats allocated to Bhitai Dental and Medical College by Pakistan Medical Commission etc.

We tried our best to cover all important aspects regarding admission procedure, etc. and details are accurate and up to date till the date of publication but yes BDMC administration has right to change any details if required and if necessary, for betterment of BDMC.

Your further enquiries are welcomed at following addresses.

Address : **Opposite Sattari Cotton Factory, Jarwari Canal, ring road, Mirpurkhas, Sindh, Pakistan.**

Email Address : **Info@bdmch.edu.pk**

URL : **www.bdmch.edu.pk**

Admission Office Contact Details : **0333-2297878**

## WELCOME TO MIRPURKHAS CITY

**Mirpurkhas** (Meaning: the land of the highest Mirs) is a city located in the province of Sindh. It is the 4th largest city of the Sindh province with an estimated population of 250,000. Its soil is fertile and the city is known as "the city of Mangoes and NGO's". For its horticultural farming of which the most celebrated is mango cultivation with hundreds of varieties produced each year, and hosting many organizations working in social sector.

It's positional atop and fertile land makes conditions apt for irrigation and farming. Being connected to the Indus River via irrigation canals, Mirpurkhas has gained an advantage in horticulture and farming over the years. Primary produce includes mangoes, sugarcane, wheat and chilies. Bananas are also widely cultivated around the region.

Prior to the Islamic conquest of Sindh, the land where Mirpurkhas now stands, used to be a thriving Bhuddhist settlement known as "Kahoo Jo Kot". The remnant Stupa still remains and is known as, "Kahoo Jo Daro". As the armies settled in the area, newer buildings occupied the land and led into massively progressive landscapes. Farming became known to people and horticulture and cotton fields blossomed.

In 1806, Mankani Talpurs laid the foundation for Mirpurkhas city under the leadership of Mir Ali Murad Talpur and his successor Mir Sher Muhammad Talpur (Lion of Sindh) and built a font when he was declared the ruler of the south of the state.

Mirpurkhas is the gateway to the south eastern edge of the Sindh province. It connects Tando Allahyar, Sanghar, Umerkot, Thar Parkar and Badin districts and happens to be economic and educational hub for the area. Mirpurkhas houses three degree Colleges, many higher secondary and primary schools, one Medical College, one dental college and Sindh University campus. It also has its own Board of secondary and higher secondary education. There is still a need of more institutions to cater for diverse disciplines of education.

# WELCOME TO BHITAI DENTAL & MEDICAL COLLEGE

## WELCOME TO BHITAI DENTAL & MEDICAL COLLEGE

### **Bhitai Dental & Medical College**

currently running under the umbrella of bhitai Education Private Limited aims to fulfill the growing demand of health care services in the region, provide quality treatment in the disciplines of dentistry / medicine at nearest possible location, as Mirpurkhas acting as a core between diverse cities of Sindh. Bhitai Trust is currently operating a 60 bedded general hospital in Mirpurkhas city at Umerkot Road and also running a hospital beside college campus having state of the art facilities with charitable rates.

Present building of College is built on 2 acres of land having covered area of 66000 sq. feet at Mirpurkhas city in peaceful place and houses the entire basic requirement at College campus. Starting from BDS course, Bhitai Education Private Limited also established Nursing & Physiotherapy Institutions & Aims to establish MBBS, Post Graduate Medical Education, allied sciences & other educational programs in near future.

### **RECOGNITION AND AFFILIATION:**

Bhitai Dental and Medical College is recognized by PMC, Approved by Ministry of National Health Services Regulations and Coordination, Sindh Health Care Commission and is affiliated with Liaquat University of Medical & Health Sciences (LUMHS) Jamshoro, Pakista. Bhitai Dental & Medical College is an ISO Certified Institute which assure the quality care.

### **LOCATION OF COLLEGE CAMPUS / DENTAL HOSPITAL:**

Address: Opposite Sattari Cotton Factory Jarwari Canal Ring Road Mirpurkhas.

Tel: 0233-507511, Cell: 0345-3642909, 0333 0248438

### **BHITAI WELFARE HOSPITAL:**

Address: Besides College Campus, Opposite Sattari Cotton Factory Jarwari Canal Ring Road Mirpurkhas.

Tel: 0233-507511, Cell: 0333-9995770, 0333 0248438

### **BHITAI HOSPITAL CITY CAMPUS:**

Bhitai Hospital Umerkot Road Mirpurkhas

## MESSAGE FROM CHAIRMAN BHITAI EDUCATION PRIVATE LIMITED

It is pleasure for me to extend this message of welcome best wishes for the students from within the country and abroad intend to be admitted in BDS course for the session 2022-23 at Bhitai Dental & Medical College Mirpurkhas, Sindh.

It is matter of satisfaction that door to enter in Dentistry & Medical Education in interior sindh is pioneered by Bhitai Dental & Medical College. I hope this institute in forthcoming years will prove its worth and will be recognized as a seat of excellence in education and health delivery system.

I wish admitted students on gradation will not forget poor and peasant population of rural Sindh and prefer to serve under privileged areas where there is dire need to improve the oral health care facilities.

Finally I congratulate all faculty members for their efforts and wish all selected students a bright future.

**(DR. MUHAMMAD AHMED BARI)**

**Message From  
CEO  
Bhitai Education (Pvt) Ltd**

It is a matter of immense pleasure and pride for me to introduce Bhitai Dental & Medical College, is a project which has been essentially launched with the distinguished intention of providing quality Dental & Medical Education in order to uplift the health care standards of this region. Our team of renowned faculty members is committed to provide excellent Dental / Medical training as well as appropriate grooming to the upcoming generations of doctors. The basic teaching facilities include lecture halls, fully equipped labs, demonstrations rooms and library all comparable to Medical / Dental Schools abroad. Education in BDMC is focused on ensuring that our students receive the best training and education so as to compete with Dental Graduates worldwide to achieve this goal a team of skilled mentors are available at campus to guide every student. BDMC currently has only undergraduate programs and plans on launching postgraduate programs in future. We hope that you will join our undergraduate program and benefit from the facilities our college has to offer.

**(DR. ZULFIQAR AHMED YOUSUFANI)**

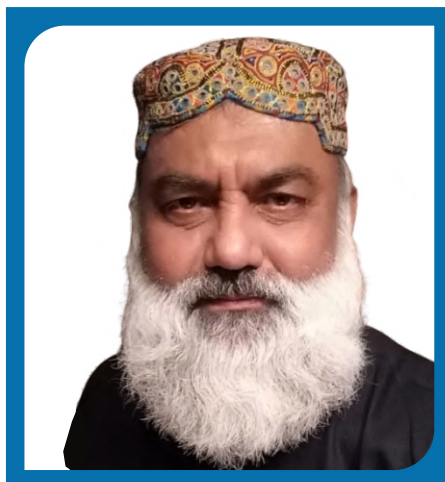

**Message From  
Advisor to Bhitai Education (Pvt) Ltd  
Managing Director Bhitai Group of College**

Any institution can be proud of its students only if they are acquiring quality education. When it is related to Health Sciences, it becomes even more significant. That is the whole philosophy behind the establishment of Bhitai Dental & Medical College & Hospital. It has been our motto to impart quality education and by the grace of Allah the College is trying to achieve its goal perfectly. It will not be out of place to carry you back to Bhitai Medical Center, the first Hospital of Mirpurkhas Division with all outdoor and indoor facilities under one roof. Once again Bhitai Trust / Bhitai Education Private Limited takes lead to establish first Dental College in interior Sindh. I from the depth of my heart, congratulate the team for this endeavor. I am fully confident that the faculty comprising of highly qualified, most experienced and dedicated/committed doctors, will deliver and share their qualities with incoming students and future doctors. In the end, I must say that it is not less than a miracle to make it possible within a very short period of time.

**(DR. GHULAM MUSTAFA)**

**Message From  
Chairman Bhitai Trust  
Deputy Managing Director  
Bhitai Group of College**

Education is the most powerful weapon that you can use to change the world "Says Nelson Mandela. Like Mr. Mandela we, the people at Bhitai Dental & Medical College also had a dream. A dream of creating such an institute that makes a life-changing difference for students in the field of medicine, enhancing their capabilities according to the international standards hence providing them a better learning opportunity. I can now say with warranty and pleasure that Bhitai Dental and Medical College has created new opportunities for Dental and Medical education in Interior Sindh. And this could not have been possible without the commitment and efforts put in by the faculty staff. I hope in future that with the dedicated support of out educationists and the enthusiasm of our up-coming generation, we can expand the horizon of BDMC to various fields of health sciences like nursing, pharmacy, physiotherapy and biomedical engineering. I wish all the past, present and future students of BDMC the best of luck.

**(Dr. Mushtaque Khan)**

## MESSAGE FROM PRINCIPAL

The Dental & Medical field in Pakistan has expanded tremendously in the past few years. And now with the dedication our Founders and Faculty members I can see Bhitai Dental & Medical College Mirpurkhas soon marking its territory in the Dental & Medical Empire, excelling both academically and co-curricular wise. I can foresee the graduates of BDMC serving the ailing humanity all over the globe according to all the ethical and moral principles set in the Hippocratic Oath. Our mission is to serve the health needs of Pakistan by educating students in the field of medicine and dentistry, meeting the \ highest international standards and stimulating innovation through research. This institute has a renowned faculty, plenty of Dental & Clinical material and a good infrastructure, the basic tools for making competent doctors. But the students also have to put in their best efforts in the form of hard work, sincerity and persistence, besides acquiring sound scientific knowledge, good technical & communication skills. I warmly welcome befitting future denotes.

**(Dr. Permanand)**

## MISSION STATEMENT OF AI DENTAL & MEDICAL COLLEGE

The Bhitai Education Private Limited vows and endeavors through establishment of Bhitai Dental & Medical College, to provide high standard Dental and Medical Education and state of the art Dental and Medical facilities to the locality. The Bhitai Education Private Limited puts priority in producing Dental Surgeons and Medical doctors locally and establishing a centre of excellence and also intends to establish an excellent center of training of Dental and Medical technicians and allied sciences.

# BHITAI DENTAL & MEDICAL COLLEGE

College campus a purpose-built state of art building located in a peaceful area having green fields all around, the College is loaded with all modern equipment and training facilities fulfilling all the requirements which are necessary to educate and train the upcoming generation of Medical professionals. The building of College spreads over 2 acres of land is purposely built as a Dental hospital to host training programs in various fields of dentistry, providing both basic and clinical guidance in one campus.

## DECLARATION OF GENEVA (Code of Ethics)

(TO BE TAKEN AT THE TIME OF BEING ADMITTED AS MEMBER OF THE MEDICAL PROFESSION)

I SOLEMNLY PLEDGE THAT:

- I will consecrate my life to the services of humanity.
  - I will give to my teachers the respect and gratitude which is their due.
  - I will practice my profession with conscience and dignity.
  - The health of my patients will be my first consideration.
  - I will respect secrets, which are confided in me.
  - I will maintain by all means in my power, the honor and noble tradition of the Medical profession.
  - I will not permit considerations of religion, nationality, race, party politics or social standing to intervene between my duty and my patients.
  - I will maintain the utmost respect for human life from the time of conception; and even under threat I will not use my Medical knowledge contrary to the laws of humanity.
  - I make these promises solemnly, freely and upon my honor.
- 

## INTRODUCTION

This prospectus is an introduction to the rules and regulations of Bhitai Dental & Medical College (BDMC) Mirpurkhas. It regulates the admission of students of BDS and examination, etc. this prospectus is approved / revised by the BDMC authorities on yearly basis.

1. A well-equipped Bhitai hospital Mirpurkhas (with 60 bedded capacities) is attached with the hospital. A very well developed Dental OPD with 100 functional units is also attached with the College to fulfill the clinical teaching demands of the College.
  2. BDMC offers a four year B.D.S course of dentistry at BDMC campus which leads to award of B.D.S degree from LUMHS on successful completion of course.
  3. Students enrolled with BDMC shall be bound to follow the rules of BDMC documented in this prospectus and changes issued by authorities of BDMC from time to time.
  4. Authorities of BDMC reserve the rights of additions to and alterations of any rules (s) in the prospectus without prior notice.
- 

## TEACHING SYSTEM OF BDMC

### Medium Of Instruction

Medium of instruction will be English.

### Teaching System

Integrated teaching curriculum is followed by the College under the affiliation of LUMHS.

Uniqueness of system lies under the fact that students can learn according to their interest.

Student performance is assessed by various tests and examinations which are conducted throughout their stay in College.

### Academic Session

Annual Teaching System with modular teaching strategy is followed as per university's policy. Monthly assessments, Mid-year exams. Pre-Professional exams will be taken as summative assessment whereas continuous formative assessment will be done throughout the year.

2 weeks Summer Break is given annually

1-week leaves are allocated as winter vacations (usually last week of December).

### Attendance

75 % attendance is compulsory for students for appearing in annual exams.

Relaxation can be awarded by Principal and Disciplinary committee on fair Medical or any other genuine grounds.

## TEACHING DEPARTMENTS

The following are the teaching departments which are functioning under various Faculties of the Bhitai Dental & Medical College:

### FACULTY OF BASIC MEDICAL SCIENCES

Serial No.	DEPARTMENT	CHAIRMAN / INCHARGE
1	Anatomy	DR. ABDUL REHMAN
2	Physiology	DR. ATIF MAHMOOD
3	Biochemistry	DR. NAVEED AHSAN
4	Pharmacology	DR. SANA MOIN
5	Pathology	DR. ISHTIAQUE MEMON

## FACULTY OF CLINICAL SCIENCES

Serial No.	DEPARTMENT	CHAIRMAN / INCHARGE
1	Oral & MAXILOFACIAL SURGERY	(Dr. FIDA HUSSAIN)
2	ORTHODONTICS	(DR. UMER KHAYYAM)
3	PROSTHODONTICS	(Dr.ATIF JAWAD)
4	OPERATIVE DENTISTRY	(DR. PERMANAND)
5	ORAL PATHOLOGY	(DR. ARHAMA)
6	DENTAL ANATOMY/ORAL BIOLOGY	(DR. ALI MAQBOOL)
7	SCIENCE OF DENTAL MATERIAL	(DR. JAWERIA YOUSFANI)
8	PERIODONTOLOGY	(DR. SAIMA SALMAN)
9	COMMUNITY DENTISTRY	(DR. ZAFAR IQBAL)
10	ORAL MEDICINE	(DR. ABDULLAH)
11	GENERAL MEDICINE	(DR. NARINDAR)
12	GENERAL SURGERY	(DR. LEKH RAJ)

## FACULTY OF PHYSIOLOGY

**Dr. Atif Mahmood**  
Professor  
Head of Department

**Dr. Taqdees Maryam**  
Lecturer

**Dr. Mona Nankani**  
Lecturer

### DESCRIPTION

Physiology is the study of how the body works in health, more specifically, the science which deals with the functions of the human body and its parts, and of the physical and chemical factors and processes involved. It includes the study of living organisms from cell to system and whole body. Physiology provides a description of the normal functions of the major systems of the human body, like nervous system, cardiovascular, respiratory, endocrine, musculoskeletal, elementary, and the genitourinary systems and to discuss the role of these systems in the maintenance of internal homeostasis. The course provides a base for the study of all clinical subjects, especially pathology and medicine.

The department is committed to outstanding research and excellence in the delivery of up-to-date physiology education to health sciences professionals which include medical, dental, nursing and pharmacy students. The courses taught to the students of first professional BDS includes theoretical discussion in the form of lectures, seminars, tutorials and group discussions. The lectures are more understandable by the use of audiovisual aids like multimedia and slide projections. The theoretical description is supported by the relevant practical which caters to the needs of the students.

The department consists of a fully equipped laboratory to be used not only for the practical work related to Physiology but also for research. It has a qualified and richly experienced faculty who is dedicated to promote the intellectual and professional abilities of the students. Apart from the routine academic activities, the department participates in and conducts workshop, seminars and conferences in conferences in collaboration with other departments of the institute.

## FACULTY OF ANATOMY

**Dr. Abdul Rehman**  
Assistant Professor  
Head of Department

**Dr. Sajda Javeed**  
Lecturer

**Dr. Farhat Jahan**  
Lecturer

### DESCRIPTION

The course of Anatomy includes Gross Anatomy of the Body, Neuroanatomy, Embryology and Histology of the basic tissues and organs as well as aspects of health and disease.. The course is covered through lectures, tutorials, dissection and clinical exposures. Lectures are supported by transparency, slides and CD's. The department also provides anatomical models, dissected specimens and computer assisted learning. We offer a fully integrated approach to the study of human being. The different disciplines in anatomy are taught in relation to the function with emphasis on their usefulness in their clinical years of training. The training period and the number of hours for different disciplines are strictly in accordance with the recommendations of Pakistan Medical & Dental Council. Our instructional methods focus on the use of small group activities with the goals of increasing the amount of self-directed learning and acquiring the skills for the lifelong acquisition of knowledge.

### Dissection Hall

A spacious airy dissection hall furnished to accommodate 100 plus students at a time for dissection.

### Anatomy Museum

It is well equipped with Gross Anatomy, Embryology, Neuroanatomy and Histology models, charts, CDs, X-rays and slide projectors.

### Bone Bank

Articulated and disarticulated model skeletons are available. Original bones are also available in sufficient quantity.

### Histology Lab

Department has well ventilated, spacious and furnished Histology lab having twenty five binocular microscopes, a multi-head microscope and a slide projecting microscope with multimedia

## FACULTY OF DENTAL MATERIAL SCIENCES

**Dr. Jaweria Yousafani**  
Assistant Professor  
Head of Department

**Dr. Ahsan Raza Kazmi**  
Assistant Professor

**Dr. Ambreen Fatima**  
Lecturer

**Dr. Shazia Shaikh**  
Lecturer

### DESCRIPTION

This subject equips students with an understanding of the fundamentals and mechanisms governing the behavior of dental materials used in daily practice. Students are given hands on training in the manipulation and usage of various dental materials in an effort to bridge the gap between theoretical knowledge and clinical application. It is hoped that students will be able to apply their knowledge of materials science to the clinical setting.

## FACULTY OF BIOCHEMISTRY

**Dr. Naveed Ahsan**  
Associate Professor  
Head of Department

**Dr. Aqsa**  
Lecturer

**Dr. Bhagwanti**  
Lecturer

### DESCRIPTION

Medical Biochemistry is the study of the chemical processes occurring in human body. It deals with the structures and functions of cellular components such as proteins, carbohydrates, lipids, nucleic acids and other biomolecules. The main focus of Medical Biochemistry is in understanding how biological molecules give rise to the processes that occur within living cells which in turn relates greatly to the study and understanding of whole organisms. It begins with an introduction to the principles of the science and the structure and function of the various chemical elements that constitute living cells. Medical Biochemistry has uncovered the molecular evidences of almost all the diseases to-date.

It not only helps to understand the disease better but also provides the methods and tools for accurate diagnosis of the diseases which assist further treatment plans. Practical exercises in the laboratory form an essential mode of instruction. These are designed to illustrate concepts discussed in the class room and to introduce methods of biochemical analysis by various techniques used for separation, identification, and measurement of biomolecules relevant to clinical sciences.

## FACULTY OF PHARMACOLOGY

**Dr. Sana Moin**  
Assistant Professor  
Head of Department

**Dr. Urooj Moosa**  
Lecturer

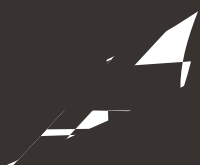

**Dr. Akash**  
Lecturer

### DESCRIPTION

The science of Pharmacology is concerned with the effects of drugs on the cellular mechanism, and the fate of drugs in the body. These form the basis of an understanding of the use & abuse of drugs in society and their influence on community health. The teaching of pharmacology governs the origin structure, pharmacodynamics and actions/reactions of the commonly used drugs. Experimental work is aimed to demonstrate the action of drugs in experimental animals and human beings, for this purpose the college has fully developed and equipped pharmacology lab and Animals house at the campus. Students with one faculty member visit the pharmaceutical industries to observe manufacturing techniques.

## FACULTY OF COMMUNITY DENTISTRY

**Dr. Zafar Iqbal**  
Associate Professor  
Head of Department

**Dr. Faryal Manzoor**  
Associate Professor

**Dr. Safiullah**  
Lecturer

### DESCRIPTION

The overall objective of the department/subject of Dental Public Health Sciences is to develop and setup approaches for doctors and dental students to get community oriented dental training, research motivation and to solve community health and related problems. Bhitai Dental and Medical College has made a major commitment to community oriented medical and dental education. The 2nd year BDS students are required to visit rural communities to achieve the objectives of the community survey, through family health folders as a survey module, about data generation and studying the socio-economic, sanitary and health status of the population in the rural communities. In 3rd year, students are required to visit BHU's and rural health centers for their integrated training.

The overall intent is to provide students opportunities to use their general biomedical knowledge to benefit communities through improved community based health services and for them to develop an understanding and a capacity to deal effectively with the health problems of the deprived population. In the third year and fourth year, clerkship in community health sciences collaborate with the clinical Departments so that the students have the experience of practicing ambulatory and family medicines to participate in the research oriented projects, and evaluate the effectiveness of the primary health care system. At this stage, students are also introduced to critical appraisal of articles in journals, bio-medical ethics and ethical issues that needed to be addressed in taking care of patients and communities.

## FACULTY OF ORAL PATHOLOGY

**Dr. Arhama Survaich**  
Assistant Professor  
Head of Department

**Dr. Shahzaman**  
Assistant Professor

**Dr. Romesa Nazir**  
Lecturer

**Dr. Asia Wali**  
Lecturer

**Dr. Huma Iqbal**  
Lecturer

### DESCRIPTION

In the study of oral and dental sciences, Oral Pathology is the subject that deals with the nature, identification and management of diseases affecting the oral and maxillofacial region. Understanding of oral pathology is essential for diagnosis and for the development of rational treatment and preventive programs as a dental professional must possess a good understanding of causative factors, disease processes, clinical presentation, microscopic features, and diagnosis of oral and Para-oral diseases. One of the most important purposes of oral pathology is to give the student the ability to correctly diagnose oral lesions and develop differential diagnosis. The department of Oral Pathology has educational goals for the 3rd year BDS students. The department provides an overview of oral and maxillofacial pathology including the clinical Histopathology and radiographic presentation of Oral diagnosis and pathogenesis. The study of microscope, tissue processing, diagnostic tests and advanced techniques are also included.

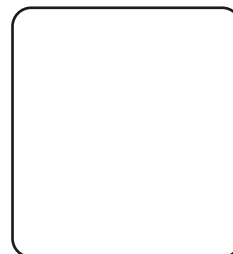

## FACULTY OF PERIODONTOLOGY & ORAL MEDICINE

**Dr. Saima Salman**  
Assistant Professor  
Head of Department

**Dr. Abdullah**  
Assistant Professor

**Dr. Rajesh Kumar**  
Assistant Professor

**Dr. Shuja Ahmed**  
Assistant Professor

**Dr. Maryum**  
Registrar / Lecturer

**Dr. Ameet Kumar**  
Registrar / Lecturer

### DESCRIPTION

The goals for the Department of Periodontology are to provide dental students with a high quality education, cultivate their abilities to provide evidence based periodontal treatment to their patients in a friendly and professional atmosphere; and to conduct a productive research to shape the future of periodontics.

This discipline deals with diseases of the gums. It is one of the first clinical subjects the undergraduate encounters in the dental course. Through the lectures, tutorials and clinical sessions, undergraduates study about the normal and pathological tissues of the periodontium as well as the etiology and classification of gingival and periodontal disease. Students in their third year treat patients with periodontal problems and are also given the opportunity to perform simple periodontal surgical procedures.

The procedures performed at OPD are:

- Hand scaling
- Ultrasonic scaling
- Deep curettage
- Gingivectomy
- Gingivoplasty
- Root treatment procedures

## FACULTY OF GENERAL MEDICINE

**Dr. Narindar Kumar**  
Associate Professor  
Head of Department

**Dr. Sarwat Anjum**  
Assistant Professor

**Dr. Saima Rafique**  
Assistant Professor

**Dr. Raj Kumar Sufi**  
Assistant Professor

**Dr. Zeeshan-ul-Haque**  
Assistant Professor

**Dr. Humaiyoon**  
Senior Registrar / Lecturer

### DESCRIPTION

Department of Medicine is the major department of Bhitai Dental and Medical College, Mirpurkhas. It is highly specialized department and is the hub of clinical and educational activities. All the major sub-specialties are well established and are providing state of art care to their patients. There are 2 general medical units headed by very experienced specialists. In addition, there is a well-equipped Bedded medical intensive care unit.

## FACULTY OF SURGER & ALLIED

**Dr. Lekh Raj**  
Assistant Professor  
Head of Department

**Dr. Ghulam Sarwar**  
Assistant Professor

**Dr. Adil**  
Registrar

### DESCRIPTION

The surgical consultant works with a team of junior doctors and nurses to provide patient focused care. Other health personnel are involved as necessary. Anesthetists also worked closely with surgical teams. The department has developed various clinical path ways to facilitate efficient functioning in coordination between care stations. In addition consultation from various specialties in other clinical disciplines Radiology and Laboratory are often sought and readily available.

Within each section there is further sub-specialization like minimally invasive surgery for which sophisticated technological support is available. While managing complex surgical problems with the help of intensive care monitoring and organ support. The department at the same time has a major contribution towards developing day care surgery which is highly cost effective and convenient for the patient.

The department has 20 in-patient beds 5 ICU care beds and 2 fully equipped Theaters. Services includes state of the art equipment in the main operating theaters along with local general and epidural Anesthesia services

## FACULTY OF PROSTHODONTICS

**Dr. Atif Jawad**  
Professor  
Head of Department

**Dr. Jawaid Sultan**  
Assistant Professor

**Dr. Aqsa Saleem**  
Senior Registrar

**Dr. Ghazala**  
Lecturer

**Dr. Mahreen Akhter**  
Lecturer

**Dr. Tabinda Hanif**  
Registrar/Lecturer

### DESCRIPTION

Prosthodontics restores oral structures through the use of crowns, bridges, dentures and implants. The undergraduate prosthodontic program stretches over three years, beginning with the introduction to the concepts of prosthodontics as pre-clinical prosthodontics in second year. Pre-clinical prosthetics is taught during the first two years of BDS course. The college has fully developed and equipped junior prosthetic laboratory for pre-clinical students. Simple prosthodontics work is introduced in third year which basically involves removable partial dentures followed by more complex cases in final-year BDS. For clinical students college has separate senior prosthetic laboratory equipped with all the required teaching and training aids. State of the art prosthetic laboratory having equipment for removable cast partial denture and crown-bridge fabrication is a big facility for students as well as patients. The laboratory will soon step ahead to metal free restoration and veneers.

- Acrylic Partial Dentures
- Cast Partial Dentures
- Acrylic complete dentures
- Cast complete dentures
- Fixed porcelain crowns
- Fixed bridges
- Dental implants
- Obturators
- Crown Lengthening

## FACULTY OF OPERATIVE DENTISTRY

**Dr. Permanand Das**  
Principal  
Associate Professor  
Head of Department

**Dr. Naresh Kumar**  
Assistant Professor

**Dr. Aosaif Memon**  
Assistant Professor

**Dr. Tirath Das**  
Registrar/Lecturer

**Dr. Saleem Ali**  
Registrar/Lecturer

**Dr. Iqra Aijaz**  
Lecturer

### DESCRIPTION

The course of Operative/ Restorative / Conservative Dentistry is taught from the 2nd professional year during which students having sound knowledge of tooth morphology work on ideal teeth models in our Skills lab to get a life like feel for the clinical application. The clinical course is designed to develop the essential psychomotor skills for the performance of fundamental operations of clinical patients. Treatments of all forms of Operative Dentistry are carried out on clinical patients.

The procedures that are performed and taught at our departments are:

- Restorations
- Root Canal Treatment
- Core build up
- Inlays
- Onlays
- Pits and Fissure Sealants
- Veneers

This wide range of clinical procedures take place in our OPD and special hands on practice for students is carried out in our state of the art Skills Lab.

## & MAXILLOFACIAL SURGERY

**Dr. Fida Hussain**  
Assistant Professor  
Head of Department

**Dr. Samreen Naz**  
Assistant Professor

**Dr. Aftab Memon**  
Assistant Professor

**Dr. Prem Singh**  
Registrar/Lecturer

**Dr. Anand Kumar**  
Registrar/Lecturer

**Dr. Sadaf Masood**  
Registrar

### DESCRIPTION

Oral and Maxillofacial Surgery (OMFS) is the specialty of Dentistry that encompasses the art and science of the diagnosis and surgical management of diseases, injuries, and defects of the Oral and Maxillofacial region. It is also designed to develop instinct to become a lifelong learner and take active part in Continual Dental Education (CDE). The course of oral surgery is designed such that the students are trained to diagnose the diseases, injuries, defect of jawbones and associated intra and extra-oral structures and to train the students to provide services of Oral Surgery for the management of patients in practice of general dentistry. Students are also trained to encounter oral surgical accidents, complications and preparation of patients for oral surgical procedures and post-operative care for simple and complicated tooth extractions. OPD has different minor Operation Theaters for Hepatitis patients and for minor surgical procedures which makes sure that there is no cross contamination and every patient is treated as a special case with meticulous sterilization. The procedures performed at our OPD are:

- Simple Extractions
- Broken Down Roots' extractions
- Surgical removal of cysts
- Dry socket management
- IMF fixation
- Complicated Extractions
- Impacted wisdom tooth extractions
- Treatment of Oral Submucous Fibrosis
- Simple fractures

Besides OPD, Oral and Maxillofacial Surgery department has a large scope of work at our inpatient department at Bhitai Medical Center. It has the facility of general anesthesia thus allowing us to perform complicated procedures like complex fractures, tumors, deep impactions removals of larger lesion excision processes. With the most qualified team of oral surgeons, Bhitai Faculty and this facility is a blessing for the region.

### DESCRIPTION

The Department of Orthodontics is highly specialized and equipped with the latest dental equipment in its various sections. Cephalometry and Panoramic radiography and Cephalometry labs are available where the clinical students are trained from basic orthodontic knowledge to applied clinical aspects of the subject. Orthodontics is a specialized field which corrects the malalignment of teeth thus making the smiles beautiful, teeth more functionally active and easier for cleaning. Orthodontic treatment is a long process in which teeth move with slow pace and are kept in the final alignment afterwards. The procedures we do in our OPD are:

- **Removable Appliance therapy**
- **Fixed braces therapy**
- **Clear path appliances**

Brackets sometimes lower the confidence of the patients with the entire metallic smile. To overcome this potential issue, we also have range of ceramic brackets which are tooth like in colour giving a more confident smile to patients.

# CURRICULUM

## BDS (4 Years Degree Program)

### First Professional BDS

- Anatomy & Histology
  - Physiology
  - Biochemistry
  - Science of Dental Materials & Laboratory Techniques
  - Islamiat or Ethics / Information Technology
-

# STUDENT AFFAIRS DEPARTMENT

## Overview

---

The Student Affairs Office serves as a liaison between students, faculty, and administration. The primary function of the Student Affairs Office is to be of assistance to students in any way possible. It leads, directs, and administers overall functions of student counseling, hostel residence, student societies, and discipline. The important function of the Student Affairs Office is to enhance the quality of student life both in and outside of the classroom.

Overseen by the head of Student Affairs, this office is a central place for students where they can express and get help about any problem they encounter on campus whether it is academic, personal, or emotional.

The Student Affairs Office has full-time facilitators of Student Affairs, who are readily available to students for sorting out problems. The students are encouraged to have recourse to them for counseling and guidance. Efforts are made to ensure a student's life, free from worries and distractions, to help them learn to manage their affairs on their own, and to cope with strains and stresses which are part of the growth processes.

The Student Affairs Office functions as a friend and guide of a student, it administers his needs from the time he steps in the Institute for admission, to the time he graduates from the Institute. It provides forums for the cultivation of literary and artistic potentialities and furnishes them healthy outlets in sports and games, which make their stay on campus, a rich experience of multi-dimensional growth.

The Student Affairs Office provides proactive support and capacity building services to promote co-curricular activities in the Institute which could enrich our graduates at every stage of their life as well as they could build strong relationships with their peers, faculty, administration, and other stakeholders.

## Student's Mentoring Service

---

The Office of Student Affairs promotes a sense of community and belongingness among students, and through our efforts, we convey the message to students that they are not alone in times of stress. The student counselor works regularly with students to help them with their emotional, psychological, familial, and academic problems. Stress management techniques and relaxation methods are offered to deal with anxiety and stress. We assure the students of the complete confidentiality of their discussions.

➤ **Hostel and Transportation facility available on request.**

## REGULATIONS CONCERNING TO THE BEHAVIOR OF STUDENTS, PRESERVATION OF DISCIPLINE AND BREACH OF DISCIPLINE

Following regulations are prescribed to regulate the conduct of college students and the maintenance of discipline.

These regulations will apply to all students of the college, registered for any class. In these regulations the following expressions shall have the meanings as assigned to them unless there is anything repugnant to the context, will be:

**"Student"** means a student on the rolls of the college registered for any class.

**"Indiscipline"** means any act of indiscipline under these regulations that disturbs the order of the college or is derogatory to moral values or is otherwise declared this act.

**"Disciplinary committee"** means the disciplinary committee of the college.

**"College privileges"** means membership of an institution, library or committee, scholarships, or other concessions granted to students.

**"Fine"** means a monetary fine.

**"Exclusion from activities"** means exclusion for a specified period from activities or a specific area.

**"Warning"** means written notice that there has been a violation of specified college policies or campus regulations and that further disciplinary action can be triggered if continued or repeated.

**"Suspension"** means the termination of campus student status for a defined period.

**"Rustication"** means the withdrawal of a student from the college rolls for one or more years, or for the remainder of the current academic year in which the order is issued, and the withdrawal of the student from appearing at the subsequent terminal or final examination, or both.

**"Expulsion"** means the cancellation of admission of a student who has been debarred from re-admission for at least one academic year.

## RULES OF STUDENT CONDUCT AND BEHAVIOR

1. It is expected that all college students will work hard to seek knowledge, be regular and punctual in their academic work and strictly carry out their teacher's instructions to their satisfaction and the college authorities.
2. To promote an atmosphere of peace, discipline, and orderly conduct on campus, all students shall cooperate and have a good relationship with colleagues, teachers, and college staff.
3. Students must follow the dress code as defined in the college prospectus and are not permitted to wear ostentatious (real or artificial) jewelry, casual dresses, joggers, jeans, etc.
4. Students must pay college fees on time and return library books and should not harm the property and equipment of the college.
5. All college buildings and premises should be kept clean. Students are required on all campuses, including playgrounds, to observe strict discipline and attend non-curricular activities.
6. Students are not permitted to see any visitors during academic hours. Visitors can be welcomed on campus only after prior written permission given by the HOD/Dean to see any student.
8. No student gathering or meeting will be permitted at the college premises without prior permission from the Principal.
9. Students are not permitted to organize or attempt to organize or participate in a strike or to use pressure techniques against the college and to obstruct the exercise of legal authority.
10. Students are not permitted to engage in political activity or to seek participation in any political party
11. Students should seek permission to enter the administrative offices or staff room(s).

## GROUNDS FOR DISCIPLINE

The following will be treated as acts of discipline violation.

1. All forms of academic misconduct, including cheating, fabrication, plagiarism, or the promotion of academic dishonesty.
2. Act of disrespect to teachers, visiting faculty, and college staff.
3. Any form of dishonesty, including supplying the college with false information or reporting a false emergency.
4. Forgery, alteration, or misuse of any record, key, electronic device, or identification of any college document.
5. Indulging in any activity that is detrimental to college prestige and honor.
6. Theft or misuse of college facilities, movable property, and other electronic assets.
7. Unauthorized possession or use, including the college name, insignia, or seal, of any college facilities.
8. Physical abuse, including conduct that threatens an individual's health or safety.
9. Obstruction or disruption in teaching, research, administration, disciplinary procedures, or other college activities,.
10. Lewd behavior and disorderly conduct, walkout, or strike.
11. Selling, preparing or distributing lecture notes or videos or audio recordings for any commercial purpose unless authorized by the college in advance.
12. Smoking, cigarettes, cigars, or any drug containing tobacco and the use of illicit substances.
13. Firearms or weapons, ammunition, explosives, knives, or other weapons or hazardous chemicals are possessed or used.
14. Any act of verbal, mental & physical harassment caused by the student to colleagues, faculty or any staff member.
15. Bulling of any sort.
16. In any type of suspicious activity, observed

## Procedural Due Process:

The college Discipline committee shall be the authority to deal with all discipline matters. All cases of indiscipline shall be referred to the Discipline Committee.

### Conduct of Discipline Committee:

---

The discipline committee shall ensure that the proper procedures as laid down are observed:

- a. Written notice on a prescribed date, time, and place shall be issued for appearance before the disciplinary committee.
- b. The student shall have time to respond to charges against him/her and submit a written declaration to the committee of discipline.
- c. A record of a recommendation hearing shall be transmitted to the competent authority for approval thereof.
- d. Decision of any disciplinary action shall be notified.

### Penalties for indiscipline

---

If the disciplinary committee is satisfied that an act of indiscipline has been committed, it may impose penalties according to the gravity of the case resulting in expulsion, exclusion from activity, rustication, suspension, warning, disciplinary probation, loss of privileges including cancellation of admission
